About Me

I am a motivated and creative professional with skills in Web Development, Graphic Design, MS Office, and English Typing. I have experience in developing responsive and user-friendly websites using modern web technologies, while my graphic design skills allow me to create creative and professional visual content. I am also proficient in Microsoft Word, Excel, and PowerPoint. I am passionate about learning new technologies, improving my skills, and delivering high-quality work in a professional environment.

Education

DAE In progress

Experience

1 year + experience on self employment on graphic designing

- I have more than 1 year of experience in graphic designing through self-employment. I create creative and professional designs including social media posts, banners, logos, business cards, and other visual content. I focus on delivering high-quality and client-satisfying work with dedication and creativity.
